

We carry out load testing with our own water bags.

In Safe Hands: Welcome to Hatecke Service GmbH The Service Company of Hatecke GmbH

Quality and safety you can trust.

Established in 2005 Hatecke Service GmbH became a central pillar of the Hatecke Company. When you decide to purchase a Hatecke product, you are making an investment in your safety at sea. We are your reliable partner, when it comes to service, repair and maintenance.

We ensure the availability of our service engineers 24/7.

Constant technical assistance and immediate availability of skilled experts are only some of our strengths. We offer a full range of services:

- » Installation, commissioning and testing
- » Annual and 5-years services on lifeboats, rescue boats, launching appliances and release gears
- » Load test with our own water bags
- » Maintenance and repair
- » Genuine spare parts supply also via online shop
- » Information and training of customers and service partners

Also, we are certified to perform periodic servicing on products of other manufacturers' products.

Contact our service department to get the technical assistance you need. We are collaborate and flexible.

Hatecke and Hatecke Service: Benefit from one single contact point for sales and servicing.
